Part B for Mysore

SUBJECT

Introduction of Election by ward System in Bangalore City

L S 468 R 2 11 46

To

The Commissioner in Council

Extend the term of the present Municipal Council Bangalore City by one year from 1.1.47

R/-

Serial No

From the Municipal Commissioner Bangalore City

No C C 3/46-47 dated 1-7-46

Fds for obtaining orders of Government, a copy of Mr C R Narasinga Rao proposition, along with the Council proceedings thereon regarding the introduction of election to the Bangalore city Municipal Council on Ward System dividing the city into various Wards

1) The strength of the Bangalore city Municipal Council is 30 According to Section 9 (2) of the Mysore city Municipalities Act 1933 there with be 24 elected and six nominated Councillors.

2) In G O No 26 20-23/ML 92-33-8 dated 27-10-1933 the Bangalore city Municipality was divided into nine Divisions for electoral purposes with the following allocation of seats and the Mysore Chamber of Commerce was treated as a separate Constituency

3) Subsequently, the Bangalore City Municipal Council urged the abolition of the System of nomination to the Municipal Council But this was

File No | of 194 | General and Revenue Secretariat

Serial No

vetoed by the Govt, as it involved an amendment of the city Municipalities Act, 1933

4) The city Municipal Council have now proposed to divide the city into various wards, each ward being represented ~~one the Council by~~ by one elected representative in the Council and the Municipal Council has requested orders of Govt thereon

5) It is seen from the proceedings of the meeting, that the Council has referred the question relating to the details of the proposed Ward System to a Select Committee of Municipal Councillors

6) Till the final proposals of the Municipal Council are received, Government may not be in a position to pass orders on the resolution in its present form

7) It is, therefore, considered advisable to await the views of the Municipal Council on the report of the Special Committee appointed by it together with the following particulars

Serial No

will be called for, in the first instance -

1) The entire area of the city and a map setting out in different colours the Municipal jurisdiction

2) The extent of each of the nine Divisions as they now exist the population of each Division

3) the extent of the Several Divisions and Consequent change in the number of members to be elected by the introduction of the Improved Ward System

4) The considered opinion of the Municipal Commissioners as the desirability and necessity of the Improved Ward System

5) The Municipal Council by the to be reconstituted from 1/1/1947 16/7 it may not be possible to give effect to the proposals of the Municipal Council even if need be upto end August 1946 - unless the Term of the Municipal Council is extended by another year

6) Draft letter for approval

6(a) Draft necessary

1031/27/7

This ascertained, Revenue Secretariat will have prepared Consequent to the Improvement Scheme if such a Scheme is approved

Instead of nine Divisions there will be about 30 or 33 wards to be issued

25 Refer paras 17 to 20 of the Notes Subra

26) Dft for appn of new Legn from Govt

27) Stamp Proposal for Extending the term of the present Council received

From the Municipal Comr Bglre

C I C 3/46-7 dated 16-8-46

Forwards the information called for and forwards for orders of Govt a copy of the Resolution dated 5 & 6th of the Municipal Council to the effect that the Govt be requested to extend the term of the present Municipal Council for one year from 1-1-47, to enable them to properly work out the details of the Ward System, and supply necessary materials for the introduction of the Scheme

28) Regarding the introduction of election to the Bangalore City Municipal Council on Ward System the Sub Committee appointed by the Municipal Council for the purpose

NOTE—Co tn Sh et

has not worked out the details of the Scheme, as the Committee feels that it is not possible to get through this Scheme within the short time at its disposal."

29) It is seen from the Council proceedings dated 3-8-46, "that the idea appears to be to divide the city into 33 Wards, each to be represented by one member — elected Councillors being 32 and nominated 8

30) The Chamber of Commerce is recognised as a Separate constituency The method of representation of Labour Women Minority interests etc will have to be considered and decided

31) The total number of the Municipal Council may then become too unwieldy for effective action However detailed proposals in this behalf from the Municipal Council will be awaited

32) Re the extension of the term of the present Municipal Council for one year from 1-1-47 it is seen from the Council proceedings that some Municipal Councillors

Serial No

were not in favour of the proposal ~~brought~~

33) There is also no representation from the rate payers of Bareilly city urging the necessity or desirability of extending the term of the present Municipal Council beyond 1-1-1947

34) ~~Under Sec~~ The reason urged for the extension of the term is that the time before the Municipal Council to work out the Ward System Scheme is too short

35) Under Section 15 of the City Municipalities Act 1933, Government may extend the term of a city Municipal Council not exceeding in the aggregate four years if on any occasion the Government shall think fit for reasons which shall be notified together with the order in the Official Gazette, so to extend the same"

36) The Resolution of the Municipal Council to extend its term by one year from 1-1-1947, is for orders

In 2/18 ") It is a pity that the Government should have thought fit to take up the consideration of this question just at the tail end of its present term which certainly prevented it from doing so during the last three years

Contn Sheet

Serial No

13) The Sub Committee of the ML cl appointed to go into the question has not yet made up its mind definitely as to how many women the cof should be divided into for election purposes and how the interests of labour women etc should be represented on the council. Ready to the present draft proposes, the no of members is likely to go up to 45 at least.

The proposal would mean an amendment of the cof Rules for the cof ML Election Rules. We would meantime as we have to get information regarding the system prevailing in the important cities in India and consider other details

14) In the case of the Bijnor City ML cl, the President was directed to take action for holding election to reconstitute the ML cl from 2/1/1947 Steps have been taken accordingly and published the Calendar of events already There does not appear to be any necessity to extend the terms of Bijnor City ML cl under rule 3 of the Election Rules relating to cof Mtgs. The Returning Officer should prepare the electoral roll three months prior to the date on which the terms of the office of the ML Councillors will expire There is time still

GPB—15 000—20 7/46

for taking action accordingly

41) The Govt committee of the NLC Constituted for considering the question of the introduction of the ward system may take there own time to study the subject & submit proposals to the NLC who may carefully consider the question before sending up to the Govt their views on the same when the matter may be considered by the Govt and a decision arrived at & action, if necessary taken, to amend the Act of this Act where does not appear to be any necessity to extend the terms of the NLC merely on the above grnd for one year from 1/1/47 The NL Govt. Bye-elections may be asked to proceed with the preparation of the electoral rolls for holding the general elections forthwith

Revised Lm 21/8/46

42) Continued on the next page

Lm 27/8/46

Serial No

43) These papers relate to the introduction of the Ward System for purposes of Election in Bangalore City and the Extension of the term of the present Council by one year from 1 1 1947

44) It is claimed on behalf of the Ward System that from the administrative point of view it has specific advantages and that the interests of the rate-payers are better served than at present It is unfortunate that none of the Municipal Councillors has been able to speak from personal knowledge of the details of the working of the System Elsewhere No papers are before Govt, to make a study of the subject and come to definite Conclusions In any event, the Ward System has the reputation of having certain advantages over the present Electoral divisions The present Council has hardly four months more for the Expiry of its term and it has chosen

NOTE—Contn Sheet.

to take up Consideration of the introduction of the Ward System Whether the entire Electorate of the City is in Sympathy with the proposal and whether support is likely to be secured in the fullest measure, is not clear from the papers now before Govt No active attempts appear to have been made to Educate public opinion on this behalf & Create the necessary atmosphere ---

2. These Considerations apart, no detailed proposals on this behalf are before Govt What is to be Number of Wards To which the City is going to be Split up? How are interests of Women, Labour, Minorities Etc to be represented? What the financial implications of the proposal? These and many other matters have not received Close and detailed attention Either by the Municipal Council or by any of the Sub Committees Set up from time to time It appears too much for the Municipal Council to Expect Govt to pass

Serial No

any orders on insufficient data, without even getting to know in broad outline, the Shape of things to come It appears whimsical for a body of Councillors to persuade Govt to Commit themselves to Sanction a Scheme, without ascertaining organised public opinion and without having had an opportunity of Examining the details of the System on its merits In this view, the only possible thing to do, is to refer back the proposal for fuller and more detailed Consideration by the Council and formulating their proposals in proper form

46) If the Ward System has to be accepted & Sanction accorded by Govt, it involves amendment of the City Municipalities Act and legislative Sanction the Amending Bill with the Statement of Principles has to be placed before the Session of

I do not think so HA

NOTE—Contn She t

Serial No

the Representative Assembly in the 1st instance and then before the A C through all the necessary Stages It is not a measure which could be hustled by Govt being Sponsored by a Govt Spokesman It cannot be treated as an Emergency measure there are these practical difficulties It is not before the Dasara Session by the R A in 1947 that a bill could be placed & may be taken up in the A C at the 1947 December Session Its chances of being successfully piloted through these two Sessions are doubtful Govt should arm themselves with full facts & figures about the working of the System in Bombay & other important Cities before they could risk introduction of an Amending Bill before the Legislature Some reasonable time is necessary for all this.

In regard to the request of the [47] Council for Extending the term by one year, Govt should have sufficient reasons for coming to such a decision the ratepayers

This is not Correct HD 24/10/46

Serial No

have a right to Expect that Very weighty Considerations prevailed with Govt, in their decision to Extend the term of the present Council Under Sec 15 of the City Municipalities Act, Govt have to notify reasons for their decision On behalf of the present Council, the only reason put forward is that Since they wish to introduce the Ward System, the term may be Extended. A Very flimsy ground to rely upon in deed the request does not Come in good grace The Council thinks of the proposal just 4 months before the expiry of its term, it has no clear ideas about the System which they wish to introduce, it has not worked out any details, it has not approached its Consequences and there has been no

45 Substantial Evidence of the acceptance of the System by the ratepayers in toto or at least by a Substantial Majority

NOTE—Contn Sheet.

Serial No

In such Circumstances, Govt Cannot, On the mere request of the present Council, lend their support for Extension The Council is a Self Governing institution and any attempt made to fetter the discretion of the Electorate and to interfere with their privilege to Elect their representatives from time to time, Should have sufficient justification and legal Sanction for one thing, the present Council has no right to arrogate to themselves that its Successor will not act in the best interests of the Electorate and there is no Warrant for the apprehension that the introduction of the Ward System may receive a set back if the Council Changes either its Constitution or its Complexion In a city like Bangalore, the Voter knows what is best for him He may be trusted to look after his interests There is the Govt to advise the Municipal Council to see if the Ward System is not a better substitute for the existing Electoral Divisions

Serial No

(iii) Even if the term of the present Council is Extended by one year, there is no reasonable prospect of the Ward System being introduced before the Extended Council lays down office. There are administrative & other practical difficulties.

(iv) Having regard to Considerations set forth above, the request of the Council to Extend its term has to be turned down

(v) The Council will be asked to proceed with the preparation of the Electoral Rolls [illegible] next [illegible] [illegible] the Council [illegible] to [illegible] Ward System more fully, and try to ascertain Contemporary practice and depute if necessary officials of the Municipality & one or two non officials to Study the

To

J B Mallaradhya, Esq', M A ,
Secretary to the Government of Mysore,
Revenue Department,
BANGALORE

SIR

I have the honour to state that during the course of the Council Meeting held to-day, Mr C N Narasinga-Rao moved for the introduction of Election to the City Council on Ward System, dividing the City into various wards, each ward being represented in the Council by one elected representative, and the same was approved by the Council A copy of Mr Narasinga-Rao's proposition along with the Council proceedings thereon is herein sent for favour of obtaining early orders of Government in this behalf

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

Forwarded with compliments

Honorary President

hsr/-

Council Proceedings dated 29th June 1946.

x x x

At this stage, Mr C.N.Narasinga Rao moved with the permission of the House, the following resolution:- "whereas the City of Bangalore has grown vastly in recent times in importance, population and extent and whereas the electoral system by which twenty three councillors were elected by the voters of 9 divisions, was designed when the City was comparatively small, and whereas it x has been found in practice that the present system of voters in particular divisions returning more than one Councillor is not working satisfactorily and is not in the best interests of the ratepayers, resolved that the Government be requested to take steps to divide the City into various wards, each represented on the Council by one elected representative residing in the ward, and making due provision for the due representation of any special interests

Further resolved that this reform in the electoral system is most urgently called for, and the Government be requested to take steps to implement this resolution efore the reconstitution of the present Council."

While moving the above, he said that the present system was quite inadequate to meet the requirements of the extent on account of the expansion of the City. The present representation was quite inadequate both from the point of view of the extent as well as population. Further, if Ward system was introduced, then the chances of the grievances of each locality being considered and remedies given, were greater.

Messrs. D.Venkataramanappa, A.J.Khaleel, G.V.Ramachar, G. Nanjappa, M K Narayana Iyengar, K.M.Narenna, Devudu, all supported the above. It was pointed out by Mr G V Ramachar that under ward system it would be easy to have decentrali

fk

of interests which was very essential from the point of view of the ratepayers. Ward System might not be benefitial to the representatives but it would certainly benefit the ratepayers. He suggested that it was very essential to have a representative for every 500 voters Since this system relied on territorial basis, much of the present communal basis would be removed.

Mr. A J Khaleel observed that since the term of the present Council was limited to the end of this year i.e., 31-12-1946, it was doubtful if there was time enough to introduce all these changes. He suggested that in view of the importance of and benefits to be got by the introduction of the Ward System, they might request Government to prolong the life of this Council, if necessary, by one more year so that the new constitution of the Council may be on the basis of the Ward System.

Mr V K.Narainiengar, observed that while introducing the Ward System they should take care to see that special interests like, Labour, Ladies etc., are given proper representation He also supported the idea of Mr A J Khaleel to extend the term of the present Council if it found that the new system could not be introduced within the period of the present Council

Messrs Ramalal Khowas and A V Jayamuthuraju opposed the ward system on the ground that the introduction of this system would affect the interests of the minorities and special interests.

Then it was pointed out by the Members that the words 'residing in the ward' would curtail the scope of the new system and wanted the same to be deleted Mr C N.Narasinga Rao agreed to this and his proposition without the above words was put to vote and passed, 15 voting For and one Against.

Then it was further resolved that this resolution be sent to Government immediately

Mr C V Narasinga Rao then observed that a select Committee might be formed to go into this question and work

Kenneth Stevens

work out details and Mr. P.M. Narsanna seconded it.

The following were nominated to the said Committee Viz. President, Messrs. R.Thimmaiah, K.P.Narsanna, Devudu Narasimha Sastry, A.J.Khaleel, G.V.Ramachar, D.Venkatarmanappa, M.Y.Pissay, A.K.Jayamurthuraju and C.N Narasinga Rao with the Commissioner, Engineer and Health Officer.

The above was also approved by the House.

Sd/- P.Sivashankar,
President.

Municipal Commissioner.

L 1416 & 30 7 46

To

The Municipal Commr
Bangalore city

Subj Introduction of election to the city Municipal Council on Ward System

Sir,

With reference to your letter no CC3 46-47 dated 29-6-46, requesting orders of Govt on the proceedings dated 29-6-46, of the city Municipal Council, in regard to the introduction of election to the city Municipal Council on ward System dividing the City into ~~various~~ a number wards each ward being represented by one elected representative in Council, I am directed to observe that the proceedings of the meeting show that the city Municipal Council has referred the question relating to the details of the proposed ward

System to a Select Committee of Municipal Councillors Till the final proposals in this behalf are received, Govt will not be in a position to pass orders on the above Resolution in its present form

I am therefore to request that the Considered Views of the Municipal Council on the Report of the Special Committee appointed by it may be furnished, together with the following particulars —

1) Information in regard to the entire area of the City, and a map setting out in different Colours the Municipal Jurisdiction

2) the extent of each of the nine Divisions as they now exist and the population of each Division

3) the extent of several Divisions and

Consequent Change in the number of members to be elected by the introduction of the proposed Ward System of the boundary of each ward

~~4) The Considered Opinion of the Municipal Council as to the desirability and necessity of the proposed Ward System.~~

I have the

Revenue Department, BANGALORE

SIR

RE INTRODUCTION OF THE WARD SYSTEM

With reference to your letter No L 1416 of the 30th July 1946 re the above, and calling for certain details in respect of the same, I have the honour state that this question was discussed at the Select Committee (constituted for the purpose) on 26-7-1946 when it was resolved that this system was absolutely necessary in the best interests of the City and that as the time before the Council was too short to work out the details re the Scheme, the Government be requested to extend the term of the present Council by one year from 1-1-1947 to enable them to properly work out the same and supply necessary material for the introduction of the said scheme This opinion of the Committee was discussed at the Council Meetings held on 3-8-46 and 5-8-46 and they have finally agreed with the opinion expressed by the Select Committee Copies of the resolutions of the Select Committee and the two Council meetings are herewith sent for favour of orders of Government

As re the other details called for in your letter under reference, I have herein enclosed a statement and a map of the Bangalore City showing the extent of the

whole City, the area of each Division as it is existing at present and the changes that will have to be made as a result of the introduction of the Ward System It will be seen therefrom that the total extent of the City is 14 85 sq miles and the Census Figures of 1941 have been taken as the basis for distribution

In this connection I may add that in the event of the above proposals not being accepted by Government, arrangements for holding t e general Elections will have to be made and as the time at our disposal for the same is very short I request that early orders of Government may kindly be obtained on the resolutions of the Council

I have the honour to be,
S i r,
Your most obedient servant,

Baranah

MUNICIPAL COMMISSIONER

Forwarded with compliments

P Seva Chankar

Municipal Commissioner

Council Proceedings dated 3-8-1946

Subject No 4 Opinion of the Ward Sub Committee & that the term of the present Council be extended by one year 1947

Mr C N Narasinga Rau moving the opinion of the Ward Sub Committee said that in view of the details involved in introducing the Ward System and the very short period before them, the Committee had suggested the extension of the term of the present Council by one year and that this was very necessary to complete the system He moved that "the opinion of the Sub Committee be approved Further resolved that the tentative scheme of the City dividing it into wards each to be represented on the Council by one member, be forwarded to Government

That it be further brought to the notice of the Government that in the opinion of this Council, the scheme should be further considered keeping the number of wards to 32 and the number of elected Councillors at 32 and nominated councillors at 8 to keep the proper proportion of 4/5 and 1/5 required under the City Municipalities Act

That the matter of the method of representation of Labour, Women, Harijans, Mohamedans, Scheduled Castes and Chamber of Commerce and other unrepresented interests requires to be further considered

That in view of the undoubted advantages of the Ward System and the necessity and desirability of the increase in the number of councillors and the very short time that is now left before the General Elections, and the fact that some more time is absolutely necessary to work out all details of the scheme to be submitted for the consideration of Government, this Council requests and urges the Government to extend its term by another year "

There was some discussion on this and Mr S Krishnappa opposed the extension of the term of the Council and said that there was no need for extending the Council since if not the present Council the next Council could complete the scheme

Mr A J Khaleel supported the proposition of Mr C N Narasinga Rau

At this stage, since it was 6-30 P M and as it was Ramzan days, Mr T C Suryanarayana Rao moved that the meeting be adjourned and this was approved the Council and the meeting was adjourned to Monday the 5th August 1946 at 4-30 P M

d/-P Siveshankar,

Hon President

Mr M K Narayanaiengar speaking on the subject of the day, said that the opinion of the Committee was not justifiable The extension of the term of the Council was a matter to be left to the rate-payers who elect them and it was not proper for themselves to ask for more time Further, there was no sufficient ground for extending the term, and when a similar recommendation was made from the Madras Corporation, it was turned down by the Madras Government One of the arguments for extending the term of the Council was that there was not sufficient time for introducing the new system and holding the elections under that system Even if the Council's term is extended by one year, the time would not suffice to introduce the new system as it involves amendment of legislature etc Some of the Members were opposing it on the ground that by the introduction of such a system, their chances of getting in would be remote To attribute such motives was not good and in view of

NGIN

the above, they might straight away throw the opinion of the Committee

Mr. G Nanjappa opposing the Committee opinion said that it was impossible for any party to say that they would complete a thing and so they should continue to be members. The opinion of the electorate was very vital in deciding the question of the extension of the term and so it might be left to them If they felt that the present Council might continue they would themselves ask for extension of the term. Further, the new system involved many financial implicatiors and they should know beforehand what they are Hence there was no necessity for extending the term of the Council as the new Council that is going to be formed might as well attend to this.

Mr D. Venkataramanappa supported the opinion of the Committee and said that since the ward system was a desirable system, it was better they themselves took it up and completed and not leave it to their successors as suggested by some

Mr G V Ramachar supporting the opinion of the Committee said that for the following grounds, it was desirable that the present Countil should continue to be in force for one year more

1 According to the Election Rules, the electoral roll had to be published at least three months prior to the date of expiry of the term of the present Council and this meant that there was hardly two months time for working out the details of the Ward System.

2 The question of special representation for Labour Wommen, Industry, and schedule castes had to be discussed thread bare and whether they should be by nomination or by election should also be decided If the latter, then sepatate rolls will have to be prepared for those groups and

and this required more time.

3 Some of the Members belonging to the Congress Party in the Council had observed that this ward system could be worked out in one month. This was humanly impossible as it involved not only preliminary things like electoral rolls etc but also involved an amendment to the statute

4 As re the argument that the question of extension of the term should be left to the decision of the ratepayers, it may be pointed out that when thirteen members resigned sometime back they never cared for the public opinion and hence this plea was also not tenable.

5 As it is, the details re. the ward system have got to be obtained from places where it is now in force and this required more time.

6. Some of the members had said that if the Government extended the term, they could accept the same but that they should not ask for extension. When doing good was the end and aim, there was nothing wrong or improper for the Council itself to ask for extension in the interests of the public. Even if they approach Government with such a request, the Government will not blindly accept their suggestion and extend the term. They will institute proper enquiries and come to a decision after proper scrutiny.

For the foregoing reasons, the opinion of the Committee might be accepted with great advantage

Mr Ramalal Thiwari opposing the above said that there was every probability of the retrocession of the C & M Station in the near future and that since such a ward system would have to be modified later on to suit the C & M Station area also, it was better, this question was deferred till it was settled.

Mr B N Gupta opposed the Committee's opinion and said that the Ward system (single member constituency) was really benefiti

if it was free from communal bias. The Sub Committee had not definitely said whether the seats for special interests will be filled up by nomination or by separate electorate If the ward system was introduced without the nomination, then it was really good As re asking for extension of the term of the present Council, he said it was better the whole question was divided into two parts one part re. to introduction of Ward system without nomination and the other, continuance of the present Council for one more year The first one might be accepted and as re. the second it was not proper for the present members to ask for extension of their term. This matter might be left to the Government to decide.

Mr. A.J.Khaleel supported the opinion of the Committee and Mr. A K Jayamuthuraju also was in favour of the said opinion. Mr Devudu Narasimhasastry supported it on the ground that in local self-governments, local loyalty was very essential to do good to the people and hence, this ward system which caters to such a loyalty was the best

Mr C Chennaiah and Mr. M Krishnaswami Pillay also supported the opinion of the Committee.

After Mr C N Narasinga Rao suitable replied to the objections raised against the opinion of the Ward Committee, the opinion of the Committee was put to vote and passed, 17 voting for and 4 against.

Mr M K Narayanaiengar demanded poll and Mr Ramalal Thiwari supported it.

The following voted for -Messrs A K Jayamuthuraju, S Ghouse Mohiyuddin, C N Narasinga Rao, C.Krishna Rao, A J Khaleel, Singam Rangaswamappa, M V.Veerappa, C Chenniah, K, Ambrose Ananda, Misrilall Parasmull, D Venkataramanappa,

M.Krishnaswami Pillai, R Thimmiah, Devudu Narasimhasastry, N Y Pissay, G V Ramachar and the President.

The following voted against:- Messrs M K Narayanaiengar Ramalal Thiwari, G Nanjappa, B N Gupta

The result of poll was 17 for and 4 against

Then the meeting terminated

Government of His Highness the Maharaja of Mysore,
General and Revenue Secretariat, Bangalore,
Dated the 26th June 1939

Notification

In view of the changes that may have to be introduced in the Constitution of the Local Bodies by the Introduction of the Reforms in the State and to avoid the expenditure attendant on frequent elections, Government are pleased, under section 15 of the City Municipalities Act 1933 , to extend the term of the present Municipal Council, Mysore City, to 3rd January 1941

By order,

sd C S Subrahmanya Iyer
Secretary to Government,
Law Department

Memo L 10393 dated 26-6-39

Copy of the above is forwarded, with compliments, to the President, City Municipal Council, Mysore with reference to his Letter No C T 147 dated 31st May 1939

By order,

sd Mir Safdar Hussain,
For Secretary to Government,
Law Department

"Copy"
For President

CONSTITUTION OF ELECTORAL WARDS

The old divisions of the City are still the recognised units for electoral purposes, although owing to their greatly varying size and lack of compactness some of them are quite unsuitable for the purpose Twenty Councillors are elected by the existing mohallas as shown below

Name of Mohalla	No of Voters	No of elected Councillors

3/

Multiple constituencies i e , those returning more than one member are anomalcus and are being discarded in all progressive Municipalities They often mean leaving considerable area of the City unrepresented except in name, while they prevent the Ward Councillors from acquiring that intensive knowledge of the changing conditions of ~~this~~ their ward that may be expected from them if they were the sole representative of a more ~~xxxxxx~~ compact area The recorstitution of the wards somewhat according to the following plan may therefore be considered

Name of Mohalla	Probable no of Voters	No of elect d Councillors
Chamaraja Mohalla		
Krishna Raja Mohalla		
Devaraja Mohalla		
Fort Mohalla		
Lashkar Mohalla		
Mandy Mohalla		
Nazarbad Mohalla		

Chamundi Extension

Dodda Holageri and
Kannegowdana Koppal

Padavarahalli,
Vontikoppal and
Vanivilas Extension

Jalapuri & Narasimha-
raja Mohalla

Ediga Extension

If the council is not prepared to accept such wholesale changes - although the proposal to give separate representation to the important extensions and suburban villages requires no argument - the following rectification of ward boundaries which is necessary for administrative convenience may be approved

Chamaraja)
Devaraja)

Fort)
Krishnaraja)

According to Section 13 of the Regulation a new election roll has to be published every year But it has not been the practice to prepare one except when a general election is imminent If any decision is passed on the above proposal regarding reconstitutmon of wards, it could be adopted in the current year's election roll which will have been tested for some considerable length of time before it became a live document for use at the next general election

Proceedings of the Special Meeting of the Municipal Council held on 20th March 1926 in the Municipal Offices

Mr Mohammed Sait

Mr Narayanaswamy

President

Mr. Mohamed Sait,
Abba Manzil, Abba Road,
Mysore Dated 28th Oct 1946

Dear Sir,

Further to my personal conversation with you when I was in Bangalore last week, I am herein enclosing a cutting from the Mysore Patrike dated 26-10-1946 showing the list of candidates stood independently for the ensuing Municipal Elections at Mysore This list consists of only 19 candidates against 24 seats in the Municipal Council and the Congress have already sent in 24 candidates to monopolise the entire Council Seats this time Since I have had to stay back at Bangalore for a day or two more after my interview with you, I could arrange till now for only 19 candidates ~~and I suppose, however, endeavour to do my best to stand another 5 candidates for the remaining places shortly~~

When I was in Bangalore I again urged you the necessity of the introduction of the Ward System which is the best system that could be adopted during the present circumstances You might remember that late Mushi-rul-Mulk Mir Hamza Hussain when he was an officiating Dewan for 10 days passed orders for having brought to his notice some irregularities in the Voters' List and held the Elections in abeyance by sending a telegram exactly on the day of election, and hence it is my contention that when the present elections are going to be held on the 14th proximo, i e , when there is more than a fort-night's time ahead of us and if you have any love for this country for the sake of the civic duties of the various people and to safeguard the interests of the ratepayers and citizens you must make earnest endeavours to pass orders in consultation with the Dewan to atleast ~~the~~ extend the term of the present Municipal Councils till the end of April 1947 so as to introduce the Ward System during the elections when the political bodies will have no room to wag their tails and persons from the respective Wards could be elected and the present havoc of the congress and the monopoly of seats by their majority will automatically disappear and their worst politics rightly checked The list of congress candidates is printed in the "Sadhvi" Kanarese Daily I trust that you will surely help the Bangalore & Mysore people in this behalf as otherwise we have to suffer for another 3 years after having already sufferred for the last six years

Thanking you,

Yours very sincerely,

To Diwan Bahadur
Dr T C M Royan,
Minister for Health & Education, Bangalore
